

FABULOUS FOLIAGE

BARRENWORT

EPIMEDIUM

CULTIVARS

Several cultivars with light yellow or red flowers: *Epimedium x rubrum* | *Epimedium sulphureum*.

FOLIAGE

Emerges heart-shaped bright green in the spring; leaves have a lovely red flush around the edges and into the veins; loses colour in mid-summer but leaves redden again in the fall; leaves do not remain evergreen over winter and need to be removed in the spring.

FLOWERS

Clouds of tiny yellow or pink/red flowers appear on wiry stems.

HARDINESS ZONE

5

LIGHT REQUIREMENTS

Light shade / shade.

SIZE

Height: 9-12 inches (22-30 cm);

Width: 9-18 inches (22-40 cm); does spread, but slowly.

WATER / SOIL REQUIREMENT

Moist, well-drained soil.

PESTS

No major pests / diseases.
